BRAND NEW APRILIA RS 125 E5+, IN STOCK NOW & SAVING £930 on RRP! You never forget your first sports bike and the Aprilia RS 125, a fusion of adrenaline and enthralling sensations resulting from the Aprilia Racing team's winning experience, is your introduction to Team Aprilia. Perfect for any rider who believes sportiness is a lifestyle choice, and featuring a rugged design and exceptional chassis, it's the only Italian-made 125-cc sports bike with an aluminium frame. Join a community of authentic racers and get the most out of every curve! The Aprilia RS 125's design is inspired by the aggressive lines of its big sibling, the RS 660, an icon of a new type of two-wheeled sportiness and with a look that is all about attention to detail. A sophisticated aluminium frame, developed to take performance to the next level, ensures stability and handling. The triple full-LED headlight further emphasises the sporty character of this fusion of adrenaline and ruggedness. 100% Made in Italy, it is the perfect choice for riders who want to make a statement with every outing. The Aprilia RS 125 is powered by a high-performance liquid-cooled single-cylinder engine with four-valve distribution. Euro 5+ compliant, it delivers exhilarating performance while also respecting the environment. Get ready to experience unique sensations that can only be shared with other racers just like you! The Aprilia RS 125 transforms absolute control and safety into a "cool factor," courtesy of traction control (which can be disengaged) and a braking system with a radial front calliper, which works in synergy with dual-channel anti-rollover ABS for best-in-class performance and feel. With the LCD instrumentation, you always have all your travel info under control, ensuring an even more efficient and modern riding experience.
