HISTORY FILE Supplied new on the 4th March 2006 by New Coventry Mazda, this exceptional example was registered to the dealership as a pre-reg complete with the expensive Option Pack and Hard Top costing £2399.95. Subsequently sold to the first owner three months later, Miss Endicott went on to own the car for 14 years until 2020 when it was sold to family member, Mr Wagstaff. Throughout its ownership with both keepers, the car has been garaged and used as a leisure vehicle in fair weather only. The initial owner's ill health meant the car was used only minimally and the second owner, her relative, wanted the car to remain in the family. The reality of owing several other cars and wanting the garage space freed up has led to a reluctant sale. A documented major service and recommission in November 2026 have been carried out using genuine Mazda parts where possible. All handbooks contained within the Mazda black A5 wallet are present including dealer cards. The history folder also contains new car sales and accessories brochures as well as specification and price lists. Truly pampered with every nut, bolt, bracket and surface immaculately clean, it is truly exceptional in every respect and will appeal to a perfection seeking collector. Likely the best in existence. MOT November 2027, HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
