Description

The 2022 Kawasaki Ninja H2 SX SE is the ultimate supercharged hyper-sports tourer, masterfully combining breathtaking balanced supercharged performance with transcontinental touring comfort, cutting-edge electronic suspension, and aggressive aerodynamic styling. Finished in striking factory green and black, its sculpted fairings, single-sided swingarm, LED cornering lights, and carbon exhaust end cap give it an undeniable, commanding road presence. Having covered just 1,698 miles from new, this ultra-low-mileage flagship machine represents an extraordinary opportunity to acquire Kawasaki's pinnacle sports tourer. At its heart sits Kawasaki's legendary 998cc liquid-cooled supercharged inline four-cylinder engine, engineered to deliver effortless wave-like torque, explosive acceleration, and an intoxicating supercharger chirp. Gear changes are lightning-fast via a factory quickshifter/blipper system, while chassis dynamics are continuously optimized via Kawasaki Electronic Control Suspension (KECS), backed by high-specification Brembo brakes with Lean Sensitive ABS and Lean Sensitive Traction Control. Equipped with an unmatched suite of luxury touring amenities, rider technology, and full factory provenance, this Ninja H2 SX SE comes feature-packed. Comfort and convenience highlights include factory heated grips, electronic Cruise Control, Keyless Ignition, LED cornering lights, and a handy 12V power socket. Cockpit electronics feature selectable Rider Modes, a vibrant full-colour TFT display dash, and all original keys and books. Supplied with a fresh oil and filter
