Description

The 2023 Ducati Streetfighter V2 is an exhilarating super-naked roadster, masterfully combining Panigale V2 Superquadro performance with wide-bar streetfighter ergonomics, razor-sharp chassis agility, and unmistakable Italian flair. Finished in iconic Ducati red with contrasting wheel rim decals, its single-sided swingarm, aggressive LED DRL front profile, and muscular, stripped-back stance give it an undeniable road presence. Having covered just 4,967 miles from new, this low-mileage machine represents a fantastic opportunity to acquire Ducati's thrilling middleweight streetfighter. At its heart sits Ducati's high-revving 955cc Superquadro 90-degree V-twin engine, engineered to deliver explosive acceleration, rich midrange punch, and an intoxicating soundtrack elevated by a high-mounted Vandemon titanium exhaust system. Gear shifts are lightning-fast via a factory quickshifter/blipper, while handling dynamics are razor-sharp and confidence-inspiring, supported by fully adjustable Showa big piston front forks, a Sachs rear shock, and high-specification Brembo monobloc brakes. Equipped with an impressive array of high-end carbon fibre, billet accessories, and advanced rider electronics, this Streetfighter V2 comes feature-packed. Styling and hardware upgrades include a carbon fibre front hugger, carbon fibre heel guards, billet accessories, ASV levers, bar-end mirrors, tank pads, and a neat tail tidy. Comprehensive rider electronics feature Wheelie Control, Traction Control, Engine Brake Control, full LED lighting, a vibrant TFT display dash, and all original keys and books. Supplied with a fresh oil
