the road it is an absolute pleasure to drive. The 1275 engine is very smooth with bags of power, the gearbox is as it should be, taught and precise. We have just fitted four new wider profile tyres so it also has excellent handling and servo operated disc brakes give you plenty of confidence on the twisty stuff. This is an MPi Mini which stands for multi point injection, they have many modern day features such as a drivers airbag, side impact beams and an alarm and immobiliser. They are also very easy to use with taller gearing making long distance cruising a breeze and they easily keep up with modern traffic. They offer all of the Classic Mini charm with a modern twist. The interior is in fantastic original condition with half leather Monaco trim, full length Walnut dash with Magnolia dials and its original door cards, carpets and roof liner a testament to a cared for life. It also has an uprated JVC stereo with AUX and USB input and a separate 12 volt socket with USB. This model also has rear seat belts and a very useful third level brake light. The Mini has a very solid shell with the correct vented sills, solid floors and subframes and body coloured inner arches. The paintwork is very well presented. This is a good looking Mini Cooper that is ready to be driven, enjoyed and make you life much happier. The Mini is fully checked, serviced, tuned and driven and has a long MOT. Viewings are welcome and I am happy to answer questions you may have either through here or on 07752414395 or 01425 839617 (Paul) Further images and two walk round Videos are also available. We also offer a delivery service. We are constantly preparing Classic Minis for sale so please get in touch with your requirements as we are always happy to help. Thanks for looking.
