Description

The brand-new, unregistered 2026 Yamaha YZF-R125 stands as the undisputed benchmark for the A1 learner category, bringing genuine big-bike supersport style, premium race hardware, and cutting-edge technology to the 125cc class. Featuring radical R-Series aerodynamic bodywork with an aggressive M-shaped nose, central LED headlight, and sleek DRLs, it delivers an undeniable, head-turning track stance. As a brand-new machine, it offers complete peace of mind backed by full Yamaha factory warranty. At its core sits Yamaha’s high-tech 125cc liquid-cooled 4-valve engine featuring Variable Valve Actuation (VVA) technology. VVA optimizes low-end torque for effortless city riding while unlocking maximum top-end performance up to the legal 15 hp limit. Power is delivered through a 6-speed gearbox fitted with an Assist & Slipper clutch for light lever action and smooth downshifts. Built around a rigid Deltabox frame, high-spec 41mm KYB upside-down front forks, and a lightweight swingarm, the R125 offers razor-sharp handling and cornering stability. The high-tech cockpit is dominated by an R1-inspired 5-inch full-colour TFT instrument panel featuring programmable Street and Track screen layouts. Integrated Bluetooth smartphone connectivity via the Yamaha MyRide app allows seamless access to call previews, text alerts, and turn-by-turn navigation on the move. Safety and control are maximized with a standard Traction Control System (TCS) and 2-channel ABS, with the factory pre-wiring ready for an optional quickshifter installation. Combining 125cc VVA
