A Mammoth Specification Toyota MR2 Roadster 3rd Gen W30 with 22,731 Miles

KGF Classic Cars Mk1 Mk2 Mid engine T-bar VVT-i

£9,795.00

Engine Size (in ccm)	1,794	Fuel	Petrol
Mileage	22,731 Miles	Model Year	2001
Power	138 BHP	Transmission	Manual

Description

FOR SALE A mammoth specification Toyota MR2 Roadster 3rd Gen W30 with 22,731 miles. EQUIPMENT Front and rear crumple zones, side-impact beams, door handles and mirrors colour keyed, mesh effect front grille, fully retractable soft-top with glass rear window, driver and passenger airbags, remote central locking, immobiliser, alarm, power windows, electric mirrors, digital clock, instrument dimmer, power steering, driver height adjustable seat, adjustable steering column, front box storage space, SONY stereo with CD and MiniDisc player. Factory Options: Colour coded hard top with heated glass window, air conditioning, Minnesota leather seats with matching door inserts, CD autochanger, mud flaps. MR2 Genuine Accessories: Chrome exhaust trim, gloss Grey side air intake vents (originals retained), locking wheel nuts, carbon effect instrument panel, carbon effect door sill trim, tailored carpet MR2 floor mats. EXTERIOR Finished in gleaming Astral Black, (Code 202), the paintwork is factory original and presents beautifully. Garaged and only ever used as a dry day weekend car, the body and underside condition is superb. All panels complete with factory VIN labels are pin straight and close scrutiny reveals little more than some touched in stone chips and minor marks. The highly sought-after factory hard top complete with electric heated rear window is in

good condition with some light storage marks and the original soft top is fully intact. Very rare as they are often lost, is the hardtop kit pouch that holds the colour coded covers to replace the chrome hard top locators and even the ultra-rare leather 'boxing glove' covers that fit on the rubber locator posts. The car wears supplying dealer number plates and rear screen sticker to the soft top. A subtle revision to the styling comes in the form of the gloss Grey side air intake vents from a post-facelift model, although the original plastic vents are retained if the 100% standard look is desired. INTERIOR An expensive factory option, the Minnesota Red Leather upholstery, (Code FA30), to the seats and door cards is pristine and compliments the Astral Black paintwork beautifully. The sporty seats are firm with no notable wear and thanks to garage storage from new, the deep red pigment is retained. Carpets remain protected by genuine MR2 velour mats and the headlining to both the soft and hard tops retain full tautness. Light scratches to the plastic b-pillar trims where the seatbelts have recoiled are visible but do not detract from the overall terrific condition. The leather steering wheel and gear knob portray the very low mileage and all equipment functions including the ice-cold air-conditioning. Behind the radio cover is the factory fitted SONY stereo with CD and MiniDisc player connected to the optional CD changer. ENGINE & TRANSMISSION This highly responsive, mid-engine, rear-wheel-drive roadster delivers outstanding performance with its 1.8 litre VVT-i, (Variable Valve Timing with intelligence), technology. Producing 136 bhp at 6,400 rpm in a car weighing less than a ton, (after you have left the hardtop in the garage), is a formidable package with performance figures quoted at 129 mph top speed and 0-62 mph in 8.0 secs. Lifting the rear engine cover reveals a very clean engine bay with all plates and stickers intact. The power can be fully exploited with a five-speed close ratio manual transmission offering slick and rapid gear changes. WHEELS, TYRES & BRAKES Light weight 5-spoke alloy wheels with locking wheel nuts have no kerb damage and only very light age-related markings. Premium Uniroyal RainSport 5 tyres of correct size 185/55 R15 front and 205/50 R15 rear were fitted in July 2025. The urge to exploit the exciting performance is inevitable and so ABS braking and ventilated front and rear discs ensure controlled, stable braking. HISTORY FILE Registered new on the 22nd of June 2001 by Toll House Toyota Horsham. In August 2005, the car was sold once again by the supplying dealership and remained family owned by Mother and Son for 20 years with the used vehicle order form and sales invoice in the history file. The service book holds 12 stamped entries with 10 being the supplying Toyota dealership. The most recent service in May 2026 was carried out using genuine Toyota parts accompanied by parts invoice. The black leather Toyota MR2 Passport folder neatly houses all handbooks and even dealer business cards as well as three original Toyota keys with fobs. There is a separate neatly organised folder of Toyota service invoices and all MOT records to fully warrant the mileage and catalogue all work diligently carried out. There is also an original sales brochure in the file along with a letter from the previous owner (Son), recalling the long-term family ownership. Previously sold by KGF Classic Cars we are thrilled to offer this fabulous car suitable for another enthusiast. MOT May 2027, HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
