miles covered. Now approaching 25 years of age, this will be one of the best survivors in a rapidly dwindled supply of this once best seller. INTERIOR The Ford Fiesta Freestyle striking interior trim co-ordinates perfectly with its exterior paint finish in Forma fabric trim Pacific Green, (Code 2F). All facings and trim material is in stunning unmarked condition. Being the sporting Special Edition, desirable features are included for advanced driving enjoyment and include, a partial leather steering wheel and gear knob with medium metallic grey acrylic insert. White instrument dials give clear visual readings and the optional CFC-free air conditioning is ice cold. All carpeting is protected by tailored mats and the door cards, headlining and boot area are spotless. The 6000N stereo radio/CD is fully operational and even has the optional Ford CD storage wallet for all those retro outings! ENGINE & TRANSMISSION The 1.25i DOHC 16v engine is a free revving zesty unit delivering 75bhp, enough for a top speed of 104mph and 0-62mph in 13.1 seconds. Under bonnet presentation is beautiful and commensurate with the very low mileage covered with all ID plates, labels and stickers intact for those enjoying the show circuit. The 5-speed gearbox is light, precise and a joy to use with a progressive clutch feel. WHEELS, TYRES & BRAKES The finishing touch, distinctive unmarked alloy wheels are of the 5-spoke design with bright chrome centre caps. Brand new premium Hankook 185/45 R14 tyres were fitted in May 2026 replacing the originals. The spare remains unused. Ventilated front discs and drums to the rear do a fine job of stopping this fun-to-drive Ford Fiesta. HISTORY FILE This amazing Special Edition Ford Fiesta Freestyle was first registered on the 10th September 2001 by Bougourd Ford of Guernsey before being supplied to long term keeper, Mrs Harris, in July 2002. Remaining in her care for the next 24 years and strictly garaged stored at her home in Norwich, is was used for the occasional journey while her late husbands car was the preferred choice of vehicle. She retired from driving in January 2026 and it was sold to her neighbours middle aged son, who after six months and with the loss of his own storage facility, made the difficult decision to sell the car. Supplied with an A4 folder of invoices, MOT certificates and historic tax discs spanning the life of the car. A major service was carried out in May 2026 using genuine Ford parts along with a cambelt change, again using genuine Ford parts. All spare keys and tags are included along with the Ford A5 wallet with all handbooks and instruction pamphlets. A new car sales brochure and price/specification booklet for the Fiesta Freestyle model is also present. Hard to imagine this mass-produced popular Ford is fast dwindling and with a mere 8,606 miles, this is the perfect example to preserve for evermore. MOT April 2027, HPI Clear. ## About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
