Description

1998 Rolls Royce Silver Seraph Chassis Number: HO1958 Registration Number: 35855 Guernsey The Factory demonstration car when new. Rolls Royce did a dealer tour using this car when the Seraph was officially launched. It covered some 20,000 miles before being sold to its first owner who complained about a slight tick to the engine. Accordingly Rolls Royce fitted a brand new motor at 20,000 miles meaning the engine on this car done a little over 24,000 miles with the car as a whole having done about 44,000 miles. The car is finished in a two tone colur scheme of fountain blue over georgian silver which suits it beautifully. To the interior is light grey leather piped in dark blue. The usual lashings of mirror polished wanut woodwork are in situ & extend to twin occasional tables in the rear. Carpets are royal blue with light blue over rugs. We will be collecting the car in Guernsey in the next few weeks & will UK register it upon its return. This is an impeccable car in unmarked condition that has been properly looked after. It comes from a garage full of other Rolls Royce cars all of which are looked after withoiut regards to cost. Impeccable condition & the photographs speak for themselves. It looks feels & drives like it is close to new. Call Richard Biddulph.
