Description

1955 Austin Special The Perfect Winter Project been in long-term ownership since 1984 before our recent purchase. The car runs and drives but will require some minor recommissioning on the brakes to get it up to full standard. The area to address on the brakes is the servo. Rewarding project to undertake over the winter months. Due to the brakes needing to be recommissioned the car will need to be trailered to its new home.
