£8,995.00

Engine Size (in ccm)	250	Model Year	2026
-----------------------------	------------	-------------------	-------------

Description

New 2026 WR450F Free road registration The WR450F gives you absolute control for ultimate performance on all types of fast, slippery and technical terrain. Equipped with Yamaha's potent 450cc engine and a compact aluminium chassis developed from the MXGP race-winning YZ450F, plus an industry-first anti-theft ECU lock system – the cutting-edge WR450F puts you in charge. Producing high levels of strong and linear power, the 450cc reverse-head engine is lighter and faster than ever. The enduro-specific ECU and 5-speed wide ratio transmission deliver increased performance and traction over a wide speed range – while the Power Tuner app makes it easier to select the right mapping for total control in widely varying track and weather conditions. Equipped with a lightweight aluminium chassis, the WR450F feels more compact and agile than ever. Super-slim seamless bodywork and a flat seat equipped with a new grippier textured surface enhance stability under hard acceleration – while best-in-class KYB suspension offers exceptional cornering performance.
