## A Fabulous Ford Fiesta Mk3 1.1LX with 15,807 Miles and One Private Owner

KGF Classic Cars XR2 XR2i RS1800 Si SX Ghia

**£6,995.00**

Engine Size (in ccm)	1,119	Fuel	Petrol
Mileage	15,807 Miles	Model Year	1995
Power	49 BHP	Transmission	Manual

### Description

FOR SALE A fabulous Ford Fiesta Mk3 1.1LX with 15,807 miles and one private owner. EQUIPMENT Bumpers with dark insert, bodyside mouldings, halogen headlights, laminated windscreen, tinted glass, tilt/removable sunroof, locking fuel filler, anti-burst locks, tailgate wash/wipe, heated rear window, remote door mirrors, digital clock, Ford self-seek model 2005 stereo cassette, tachometer, courtesy lighting, 60/40 split rear seat back. Factory Options: Metallic paint. Dealer Options: Ford tailored rubber over mats. EXTERIOR With a genuine 15,807 miles from new, this delightful Fiesta is preserved in amazing original condition. Finished in Ford Java Blue metallic, (Code D5), the factory paintwork to all original panels looks superb with a bright polished shine and uniform finish. A few tiny paint blemishes and touched in scratches are visible but quite insignificant, and there is a miniscule ding to the nearside rear door. The body panels remain in incredible condition, commensurate with the mileage and a far cry from the majority of cars remaining from the heavily dwindled supply of this once best seller. All trim sections and badges are fully intact as is the original glass and Ford/Valeo light assemblies. Supplying Ford dealer number plates, unused tax disc holder and Ford Direct windscreen sticker remain. A super low mileage and superb entry level classic Ford, once a common sight

and virtually none have survived as well is this example! **INTERIOR** An interior entirely commensurate with a 15,807-mile car! The cabin space with Columbo fabric trim in Raven colour scheme, (Code SW), is showroom fresh with the seats in superb condition. All trim sections, controls and switchgear have the new car feel which is lost soon after regular use. In-car functions operate flawlessly including the Ford self-seek model 2006 stereo cassette. The spotless luggage area is complete with immaculate parcel shelf and carpet with the pristine boot floor even still having the paper build label. Instantly nostalgic and ready to transport you back to a Ford showroom in 1995! **ENGINE & TRANSMISSION** The 1119cc HCS CFI four-cylinder engine featuring electronic single point injection and automatic choke set up produces 49bhp at 5200rpm. A top speed of 89mph and 0-60mph is achieved in a sedate, license preserving 17.7 seconds. Complete mechanical simplicity and the distinctive Ford push-rod engine note are guaranteed, but the common intrusive tappet sound is welcomingly absent in this super-low mileage example. The spotlessly clean engine bay has original plates, stickers and and fragile paper service labels. The factory panels still display Ford emblem stampings clearly visible. The 5-speed manual gearbox feels fantastic with crisp gear changes. **WHEELS, TYRES & BRAKES** The factory steel wheels of size 5 x 13in are in excellent order with the original LX full wheel covers virtually unmarked. Four brand new premium brand Uniroyal RainExpert 3 155/70 R13 tyres were fitted in May 2026 and covering zero miles have replaced the original Michelin MXT items! The spare is the factory original and remains unused. The servo-assisted diagonally split brakes with discs up front and drums at the rear pull the car up quickly and safely with a full overhaul in May 2026. **HISTORY FILE** This wonderful example was registered new on the 1st June 1995 by Ford Main Dealers, Bristol Street Motors in Bromley. The car was registered as a demonstrator before being sold in November 1995 to Mrs Goodered, who has owned the car ever since. After over 30 years of ownership, the car is being offered for sale due to the owner giving up driving, and the second private owner will benefit from this ultra-low mileage example. A major service and brake overhaul in May 2026 was carried out using genuine Ford parts where possible and a full inspection has also been carried out with various consumables renewed including four brand new premium tyres. The history file contains the Ford document wallet with all handbooks, service book, security code cards and point of sale literature. A file of invoices and MOT certificates is present and there is an original 1995 Ford Range brochure. The perfect entry into classic Ford ownership in a vast disappearing model! MOT November 2026, HPI Clear.

## About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
