Braking performance is strong and reassuring, with dual front discs and radial-mounted calipers supported by ABS, traction control and multiple riding modes. Honda's electronic rider aids enhance stability and rider confidence without compromising the bike's smooth and approachable character. Ergonomically, the NT1100 is designed specifically for touring comfort, featuring a relaxed upright riding position, wide handlebars and a comfortable seat height around 820mm. The adjustable windscreen and generous weather protection make the bike especially capable for long motorway journeys and year-round riding. Technology is extensive, with a full-colour TFT touchscreen display offering Apple CarPlay and Android Auto connectivity, USB charging, cruise control and full LED lighting.
