noticeable. Supplying dealer number plates as well as front and rear screen stickers remain fitted. The flush fitting glass has the VW logo and the light clusters are crystal clear with a tiny hairline crack to the nearside rear cluster. The underside and wheelarch apertures are fabulously clean having been garaged stored from new with minimal use. Physical inspection is recommended to fully appreciate just how clean this ultra-low mileage example is. INTERIOR An interior worthy of the accolade time-warp. The seats upholstered in Off-Black Schwarz, (Code EK), are spotlessly clean and display virtually no wear aside from some very slight fading to the driver's seat upper outer bolster. Matching colour scheme door cards are fully intact with no shrinkage and the headlining is perfect. The conscientious one and only owner specified genuine VW carpet mats to be fitted front new protecting all carpets. Lifting the boot floor reveals the unused space saver spare wheel, jack and brace as well as the factory build label and supplying dealer PDI sticker. The dashboard is pristine, and all functions, displays and audio operate seamlessly. Having covered just 16,231 miles from new and with legendary VW build quality, this retro Polo retains the new car feel experienced by the first and only owner in 1998! ENGINE & TRANSMISSION Fitted with the 1.4 litre four-cylinder petrol engine producing 60bhp. Having covered mileage many cars would have the first year and yet benefitting from 19 service stamps, the car runs, drives, and performs exceptionally. The engine bay is superbly clean with factory plates and labels intact. The factory optional 4-speed automatic transmission performs impeccably and offers effortless retro motoring. WHEELS, TYRES & BRAKES The 13-inch steel wheels show only very light markings and the centre caps retain immaculate VW badges. Brand new premium Uniroyal RainExpert3 tyres of size 175/65 R13 were fitted in May 2026 and have covered zero miles. The diagonally split, servo assisted brakes with load sensitive pressure regulator stop the car quickly and benefit from a full overhaul in May 2026. HISTORY FILE Registered new on the 6th August 1998, the supplying Volkswagen Main Dealer was MCS Medway in Gillingham. This stunning Polo was supplied to Mrs Disley who has been the sole owner from new, and the car has covered a verified 16,231 miles. The vehicle was purchased upon retirement and despite the exceptionally low mileage, there are 19 service stamps, the majority of which are from the supplying dealership and the same independent specialist. In May 2026, the car benefitted from a major service, timing belt and auxiliary belt, full brake overhaul, exhaust and fuel system overhaul along with other maintenance. Receipts, invoices and service book entry accompany the recent work carried out and all handbooks are present, as are both sets of keys plus the master blade and code tags. A Volkswagen keyring and sales brochures, price lists from 1998 complete the history file. An exceptional and very rare survivor in every aspect and a likely Festival of the Unexceptional contender! MOT June 2027, HPI Clear.

## About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
