1970 Porsche 911 T Coupe Rolling Shell Project

£37,995.00

Engine Size (in ccm)	2,196	Fuel	Petrol
Mileage	1 Miles	Model Year	1970
Transmission	Manual		

Description

We recently took this Porsche in off a customer that ran out of money to complete the project. He bought a rather sorry Porsche 911 from the USA. He spent a lot of money on having the bodywork / rust sorted. There is a lot of new metal on this Porsche. Floors, sills, outer rear quarters, front wings, engine lid, bonnet are all new. there have been subsequent repairs in many other areas such as inner wings, A & B post etc. We have all the invoices and pictures to support the work that has been done. The car is sat on the dolly, it has lovely lines and gaps. Prior to paint there are a few dents in the roof that the customer did by storing his lawn mover on the roof! These would need some attention, the rear windscreen seal flange could also do with a small amount of work as its a little out of shape. Apart from that it could be painted and reassembled. We have completely overhauled the suspension, much of it is new and or refurbished. See the list below for the only parts that are included. No engine and Gearbox are included in the sale. 4 x New Maxilite wheels with New Pirelli tyres mounted 2 x Complete front refurbished suspension uprights with new Bilstein shock absorbers. New wheel bearings, wheel studs, brake disc, pads, caliper, brake hoses and top mounts. 2 x Complete rear refurbished suspension swing arms with new Bilstein shock absorbers. New wheel bearings, wheel studs, brake disc, pads, caliper, brake hoses, handbrake shoe assemblies and handbrake cables. 2 x New spring plates with bushes. 1 x Re-plated bag of suspension hardware. 1 x Refurbished front steering rack mount with new steering rack, track rod ends. 1 x Refurbished steering rack connector shaft with new UJ's. 2 x New wishbones, with new bushes, ball joints and torsion bar caps / adjusters. 2 x New fiberglass rear bumper corners with chrome bumper
