About Us

We're JCG Auto's LTD established 2005. We sell salvage repairable vehicles on eBay and have done so for 21 years. We describe our vehicles honestly and this is why the vast majority of our cars are sold to repeat and regular customers. We HPI all our vehicles unlike most sellers (especially the big companies) and we make you aware if they have previous loss history etc. We also ensure cars have no outstanding finance on them prior to advertising. We check everything with a trusted HPi Company. We take the risk out of buying salvage. We allow viewings and the days are clearly displayed on the advert. Although most of our cars, probably 90% sell over the phone to regulars viewing is always available to you should you wish but as most people chose not to, the days are limited as you see. All vehicles we sell have been subject to an insurance claim and are recorded at HPI as a Category S or N Loss unless explicitly stated otherwise.
