### Description

CMC Motorcycles is pleased to offer the 2015 Triumph Street Triple ABS — a class-leading middleweight naked motorcycle that blends sharp handling, characterful performance and everyday versatility. Renowned for its balance and agility, the Street Triple is widely regarded as one of the most engaging bikes in its class. At the heart of the Street Triple is a 675cc liquid-cooled inline three-cylinder engine, producing around 106 horsepower and strong mid-range torque. The triple-cylinder layout delivers a distinctive combination of smoothness, responsiveness and a unique exhaust note, providing lively acceleration and an engaging ride across the rev range. Its compact dimensions and well-balanced geometry allow for quick direction changes and confident cornering, making it equally capable on twisty roads, city streets or even occasional track use. Suspension is tuned for a sporty yet compliant ride, offering excellent feedback and stability. The setup allows the bike to remain composed under braking and through corners, while still providing enough comfort for everyday riding. ABS comes as standard, enhancing braking confidence and safety. Ergonomically, the Street Triple features an upright and natural riding position with wide handlebars, offering excellent control without compromising comfort. The seat height and slim profile make it accessible while still feeling sporty and connected to the road. Styling is aggressive and unmistakably Triumph, with its signature twin headlight design, minimalist bodywork and exposed mechanical elements. The under-slung exhaust and sharp, compact proportions give it a clean, purposeful streetfighter appearance. At CMC we pride ourselves on customer satisfaction and all of our bikes undergo a 37 point pre delivery inspection which includes a fresh oil and filter service unless recently changed, if
