holder remain fitted. A remarkable example in all respects, it is difficult to imagine a better Mk3 Astra Saloon existing! INTERIOR An often overused descriptive, ‘time warp’, yet entirely justified in this instance. The interior is reminiscent of a 1997 showroom example. This LS specification model features Rhine Trim in Grey, (Code 441), with matching door trim and colour scheme carpets. The upholstery is spotlessly clean with no wear visible and the door cards show none of the common shrinkage. The carpets remain pristine having been protected from new by genuine Astra tailored carpet mats. The main touch points such as the steering wheel and gear knob retain the surface grain often worn shiny smooth and even the gear stick gaiter is not perished, almost unheard of for a 90’s Vauxhall! All controls and functions operate perfectly including the original stereo, display and factory optional air conditioning. Hugely nostalgic and impeccably preserved ready for retro outings! ENGINE & TRANSMISSION Vauxhalls robust four-cylinder eight valve engine is renowned for longevity and ease of maintenance. This 1.6i variant produces 74bhp and 128Nm maximum torque to achieve a top speed of 104mph and 0-60mph in 13.5 seconds. Having covered just 14,814 miles and benefitting from meticulous maintenance, most recently a major service in October 2026, the car runs and performs beautifully. The engine bay is exceptionally clean with all plates and stickers intact and is suitable for bonnet up exhibiting. The 5 speed manual transmission is light and precise. WHEELS, TYRES & BRAKES The LS specification 15in alloy wheels with locking centre caps are in fantastic order with no kerb damage and minor aging. Matching brand 195/55 R15 retain plenty of tread and the unused spare alloy wheel is housed in the cavernous boot area which is pristine with jack and brace present. The braking system performs exactly as it should with all maintenance up to date. HISTORY FILE Registered new on the 18th September 1997 by Vauxhall main dealership, Hartwell Sheffield, this exceptional example is a very late Mk3 Astra on a R registration. Having covered a warranted 14,814 miles from new with just two owners, the first until 2024, the car has been preserved in amazing condition throughout. Despite the low mileage, there are 19 stamps in the original service book, 18 of which are the supplying Vauxhall main dealer! The most recent entry is a major service in October 2026 which also included a cambelt change. The previous keeper part-exchanged the car against a new Astra at Pentagon Vauxhall in Nottingham whereby it was subsequently offered to KGF Classic Cars. We are thrilled to report that the car entirely meets the exceptionally high standards required for our impeccable retail inventory and physical inspection is recommended to appreciate just how incredible this Astra is. The black leather A5 wallet holds all handbooks, radio guides and dealer literature as well as the fully stamped service booklet. Both the main torch key, (working), and spare key are present and the file also includes an Astra range sales brochure. The Mk3 Astra was a common sight but even at peak numbers the saloon was a rare specimen! Now it is virtually extinct and this might possibly be the best in existence. MOT August 2027, HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
