originality. The factory panels are damage free and uniformly even and the doors shut with a reassuring thud. Originality seekers will delight at the original VW etched tasglass, badges, factory wax injection plugs and inner door shut stickers. All chrome bumpers and trim pieces are intact and boast a brilliant shine. The underside is excellent and has never been welded, almost unheard of for a Beetle! INTERIOR The original black leatherette interior is spotless with all seats and matching door cards fully intact and remarkably free from wear. The factory fitted padded steering wheel with Wolfsburg crest is pristine, as is all other fully functioning controls and switchgear, even the dealer fitted Radiomobile push-button stereo! The factory sticker to the inner glovebox lid remains and the headlining is clean, fully intact and displays only very light discolouration around the rear seams. The front luggage compartment displays factory plates and stickers and houses the original spare wheel still feeding the pneumatic washer system. ENGINE & TRANSMISSION The matching numbers standard air-cooled rear mounted engine produces 52bhp from its 1285cc displacement enabling a top speed of 78mph with the unmistakable Beetle engine note delightfully pronounced but completely unobtrusive. The engine bay is amazingly clean. Even the now somewhat primitive Volkswagen diagnostics plug remains fitted! The fully synchronized 4-speed gearbox works perfectly offering ease of use once familiarised. WHEELS, TYRES & BRAKES The original pressed steel wheels are in superb condition and dressed in immaculate chrome half wheel covers which are original items rather than inferior aftermarket fitment. Period correct Vredstein Sprint Classic 155 SR15 tyres were sourced from Vintage Tyres in October 2024 at considerable cost and have covered less than 1000 miles. The dual circuit drums front and rear operate freely, offering modest yet perfectly adequate stopping power when compared to modern vehicles, exactly as they were made! HISTORY FILE Registered new on the 13th October 1972, the supplying Volkswagen Main Dealer was Walter Scott Ltd of Pavillion Road, London. This incredible Beetle 1300 has covered a warranted 56,516 miles from new. Only very rarely does a classic car come with such an amazing history file, which in this instance begins with the original service booklet containing the supplying dealer stamp plus a further 40 stamped entries from 1972 to October 2024! Each entry records the date and mileage to fully verify the authenticity and illustrate the cars continual enjoyment throughout the last 54 years. Furthermore, a huge history folder is beautifully presented with many previous MOT certificates and specialist invoices for service and maintenance work. All original handbooks, guides, warranty book and dealership literature have been kept along with two sets of keys and an original sales brochure. Even the VW Diagnosis Punch Card Booklet with the original build sticker is present! Sold by KGF Classic Cars in 2018 and again in 2024, the car has been enthusiast owned and in the case of the previous owner, was garaged alongside his show winning Vanden Plas Princess 1300. Attendance at the annual pilgrimage for Volkswagen enthusiasts, the Tatton Park VW Show, saw the car earn runner up prize in the 'Beetles from 1968 on' category at the 2023 event. A feature in Classic Car Weekly dated March 2008 is full of glowing praise. HPI Clear.

## About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
