carefully touched-in markings which certainly do not detract from the astonishing presentation. Originality seekers will be pleased to see security etched factory glass with the chassis number and genuine Ford Carello H4 headlamps. The supplying dealer number plates remain fitted and the underside is very clean having been garaged stored from new. Totally unspoilt unlike many a Sapphire that fell fate to becoming a Cosworth replica, driven to destruction or the dreaded corrosion! INTERIOR Be prepared to be transported back to the early 1990's with this amazing Ford interior! The special Zolda velour upholstery, (Code L Z), is spotlessly clean with firm bolsters and bases and none of the usual wear, sagging and discoloration. The matching door cards are fully intact and clean but show some material shrinkage, commonly associated with the Sierra. The colour-keyed velour carpet is very clean and free from wear having been protected from new by genuine Ford rubber 'waffle' mats which remain fitted. The neutral tone headlining is perfect and the fully intact dashboard has no cracks or distortion. All switchgear functions correctly and the standard Ford radio/cassette (Model 2006) remains fitted and fully operational. The spotless boot area has immaculate carpeting, an undamaged circular ply-board wheel cover and even factory build stickers are intact! ENGINE & TRANSMISSION The 1.8 CVH engine develops 89bhp and 147Nm of torque, achieving a top speed of 106mph and 0-60mph in 13.6 seconds. Remaining in standard specification, the engine bay is beautifully clean, unmodified and displays factory plates, stickers and original inner wings with Ford emblems clearly visible. If you enjoy the classic car scene and bonnet up exhibiting, this example will impress! The engine is very quiet and smooth and the factory optional automatic four-speed gearbox is smooth, relaxing and effortless. WHEELS, TYRES & BRAKES The unique five-spoke alloy wheels are in superb condition and shod in brand new matching premium brand Uniroyal 195/65 R14 tyres fitted in May 2026. The spare wheel has the original Michelin MXL tyre still fitted. The dual line servo assisted G-Valve brakes with ventilated front discs and rear drums bring the car up to a steady, straight and assured halt with all maintenance fully up to date to provide safe stopping power. HISTORY FILE This incredible retro Ford was supplied new by main dealer, Essex Ford in Basildon, on the 14th November 1991 to the first owner, Mr Price. The car has remained in ownership of husband-and-wife Mr and Mrs Price its entire life and covered a warranted 35,268 miles from new. The colossal history file begins with a Special Edition Sierra Chasseurs sales brochure and subsequent sales invoice from Essex Ford made out to Mr Price listing factory and dealer options and the price paid of £10,143.41. Ownership passed to Mrs Price in 1994 after his passing. The new car point of sale documentation and handover checklist is present along with an impressive file of paperwork and Ford main dealer service invoices dating back to the first in early 1993. Subsequent service records and paper MOT records are also in the large history folder and the original service book has 19 stamped entries. A major service, cambelt, water pump and brake overhaul were carried in May 2026 along with other routine maintenance. The original Ford document wallet houses all handbooks, guides and dealership literature as well as two Ford keys, one with a working torch feature! MOT May 2027, HPI Clear.

## About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
