Description

CMC Motorcycles is pleased to offer the 2023 Kawasaki Z400 — a lightweight supernaked motorcycle that combines aggressive styling, responsive performance and exceptional everyday usability. As part of Kawasaki's renowned Z series, the Z400 delivers an engaging and confidence-inspiring ride, ideal for both newer riders and experienced motorcyclists seeking a fun, agile machine. At the heart of the Z400 is a 399cc liquid-cooled parallel-twin engine, producing around 44bhp with strong low-to-mid range torque. The engine is tuned for smooth, predictable power delivery, making it easy to manage in city traffic while still offering lively acceleration for open-road riding. Its flexible and responsive nature makes it a true all-rounder. Ergonomically, the Z400 features a relaxed, upright riding position with wide handlebars, offering excellent control and comfort. A low seat height and slim profile make it highly accessible, enhancing rider confidence at low speeds and when stationary. Suspension and braking components are designed to deliver a controlled and reassuring ride. The setup provides good feedback and stability, while ABS-equipped brakes offer strong, predictable stopping power. Styling follows Kawasaki's distinctive Sugomi design philosophy, with sharp, angular bodywork, a sculpted fuel tank and an aggressive stance. LED lighting and a modern instrument display give the bike a contemporary, high-quality finish. Rider-focused features include an assist and slipper clutch for smoother gear changes and reduced lever effort, along with a clear multi-function display that keeps essential information easily visible. At CMC we pride ourselves on customer satisfaction and all of our bikes undergo a 37 point pre delivery inspection which includes a fresh oil and filter service unless recently changed, if the bike has
