Description

A fantastic opportunity to own the distinctive 2020 Kawasaki Vulcan S 650, a modern cruiser that combines muscular styling, accessible performance and impressive everyday practicality. Offering a refreshing alternative to traditional cruiser motorcycles, the Vulcan S brings together Kawasakis renowned engineering with a comfortable riding position and sporty handling. Powered by a 649cc liquid-cooled, parallel-twin engine producing 61PS and 63Nm of torque, the Vulcan S delivers smooth, responsive performance with plenty of usable power throughout the rev range. Derived from Kawasakis popular Ninja 650 platform, the engine provides an engaging riding experience while remaining approachable and easy to manage. The standard specification is particularly impressive, featuring Kawasakis innovative ERGO-FIT system, allowing the riding position to be tailored to suit different rider sizes and preferences. The adjustable three-position footpegs and adjustable clutch and brake levers further enhance comfort and control. Additional standard features include ABS braking, a six-speed gearbox, gear position indicator, Economical Riding Indicator and a clear LCD instrument display. The motorcycle also benefits from a 41mm telescopic front fork and an offset laydown rear shock with seven-way adjustable preload, providing a comfortable and composed ride. Its low 705mm seat height makes the Vulcan S particularly accessible, while the distinctive under-engine exhaust design helps maintain a low centre of gravity. The 14-litre fuel tank, individual rider and pillion seats and relaxed cruiser ergonomics make it equally suited to everyday commuting and longer weekend rides. Finished with Kawasakis unmistakable modern cruiser styling, including its low-slung profile, exposed frame and muscular proportions, the
