An exceptional opportunity to own this 2025 Ducati Scrambler Icon, presented with an incredibly low 334 miles from new. Offering a fantastic combination of unmistakable Italian styling, modern technology and accessible performance, the Scrambler Icon is one of Ducatis most recognisable and characterful motorcycles. Powered by Ducatis 803cc air-cooled L-twin engine, producing 73bhp and 65.2Nm of torque, the Scrambler delivers an engaging and responsive riding experience with plenty of character. Its smooth six-speed gearbox and lightweight construction make it equally enjoyable around town and out on the open road. The 2025 model benefits from a comprehensive range of modern features, including Ducati Traction Control, selectable riding modes and an electronic throttle system, allowing the rider to tailor the motorcycles performance to suit different conditions. Further highlights include cornering ABS, providing additional reassurance under braking, alongside a hydraulic slipper clutch for smoother gear changes. The standard specification is equally impressive, featuring full LED lighting with a distinctive circular LED daytime running light, a modern 4.3-inch TFT colour display, USB charging socket and ride-by-wire throttle. The redesigned fuel tank, interchangeable side panels and minimalist bodywork give the latest-generation Icon its unmistakable Scrambler identity. With its lightweight steel trellis frame, upside-down front forks, aluminium swingarm and comfortable upright riding position, the Scrambler offers an approachable and confidence-inspiring riding experience. Showing just 334 miles from new, this is a fantastic opportunity to acquire an exceptionally low-mileage example of Ducatis latest-generation Scrambler Icon. Combining Italian design, modern technology and everyday usability, the Scrambler
