Description

1924 Rolls Royce Silver Ghost Barrel sided tourer. Chassis Number: 100RM Registration Number: HC4713 100RM started life with a Cockshoot body but was subsequently rebodied as a barrel sided tourer as we find it today. This has for some years been the personal car of noted & famed restorer James Black of Lisburn & consequently is running beautifully with a strong silent engine. Everything needing doing to the car has been done & it is as a result a superb driver. Exterior paint is green over black. To the interior is well aged brown leather & also a fold out Auster screen for protection of the rear passengers. This is a 4 wheel brake car so stops extremely well. The front brakes were fitted at the Derby Factory by Rolls Royce themselves. The best part about tthis car is that it has been set up & maintained by an expert & thus needs nothing. It starts redily, runs in silence & is an excellent driver well suited to long tours & rallies. We were unable to phoptgraph it outside due to inclement weather at the time of our visit. Viewings are by appointment in Lisburn Northern Ireland. Call Richard Biddulph.
