£120,000.00

Engine Size (in ccm)	**3,443**	**Fuel**	**Petrol**
Mileage	**21,458 Miles**	**Model Year**	**1953**
Transmission	**--**		

Description

1953 Jaguar XK120 DHC RHD Chassis Number: 667078 Registration Number: JVY525 One of the just 295 RHD Drop Head Coupe units produced making this a rare car indeed. This example left browns lane in October of 1953 in Pastel Blue with a grey roof & blue interior. The car is now finished in old English white with a lovely red leather interior & matching red knock off wire wheels. A simply massive history file comes with the car detailing two separate restorations over the years. We have pictures in the file of the last body off chassis restoration. The car then resided in Spain on UK plates where it was used for assorted southern European events. Much has been done to the car with a view to making it as modern day driveable as possible. The car now sports a modern 5 speed manual gear box. A high ratio differential was also fitted to make the car relaxed at speed. Stopping is taken car of by 4 pot callipers gripping disc brakes to the front of the car; the brakes being dual circuit. An alloy radiator reduces weight & takes care of cooling in hot climes. The engine is fitted with a C type head & has been substantially upgraded during its last rebuild with high lift cam shafts & 2" carb's giving the car perfomance way in excess of when it was new. A full stainless steel exhaust was also fitted. Lifting the bonnet reveals a pristine & immaculate engine bay. Fortunately a pair of twin rally style driving lights are fitted up front allowing one to see clearly the road ahead whilst driving at speed at night. The

interior leather trim & the roof (Retaining its original glass rear window) are by defacto experts Suffolk & Turley well renowned for the top concours quality of the work they do. The interior woodwork has of course all been removed & refinished to show standards. Most importantly some £9k was spent in moving the pedal box forwards meaning that 6ft tall plus drivers are easily acommodated behind the wheel in comfort. To sum up this is a fully sorted car set up for modern high speed motoring & comes to us with an eye watering & comprehensive set of bills/photographs far too voluminous for us to photograph in full.
