Description

CMC Motorcycles is pleased to offer the 2023 Kawasaki Z650 — a lightweight and agile middleweight naked bike that combines sharp styling, accessible performance and everyday practicality. Designed around Kawasaki's aggressive "Sugomi" design philosophy, the Z650 delivers an engaging riding experience with a strong balance of comfort and sporty character. At the heart of the Z650 is a 649cc liquid-cooled parallel-twin engine producing around 68 horsepower and 64Nm of torque. The engine is tuned for strong low and mid-range performance, giving the bike responsive acceleration and smooth throttle delivery that works particularly well in real-world riding conditions. Its approachable power delivery makes it suitable for both newer riders and experienced motorcyclists looking for an enjoyable everyday machine. The chassis features a lightweight high-tensile steel trellis frame, contributing to a kerb weight of around 188kg. This gives the Z650 nimble handling and easy manoeuvrability, making it especially confidence-inspiring in urban riding and twisty roads while remaining stable at higher speeds. Braking performance is strong and predictable, with dual front discs and a rear disc supported by ABS as standard. The system provides reassuring stopping power suitable for commuting, touring and spirited riding alike. Ergonomically, the Z650 offers a natural upright riding position with a seat height of around 790mm, making it accessible to a wide range of riders. Wide handlebars and a slim midsection help improve comfort and control, particularly at lower speeds and during longer journeys. Styling is one of the bike's standout features, with aggressive bodywork, sharp LED lighting and muscular proportions giving it a modern streetfighter appearance. The compact design and exposed trellis frame reinforce its
