### Description

CMC Motorcycles is pleased to offer the 2024 Kawasaki Z650RS — a retro-inspired middleweight roadster that blends classic styling with modern engineering, creating a lightweight and highly enjoyable motorcycle for everyday riding. Combining timeless looks with approachable performance, the Z650RS delivers a relaxed and engaging riding experience with strong modern reliability. At the heart of the Z650RS is a 649cc liquid-cooled parallel-twin engine producing around 68 horsepower and 64Nm of torque. The engine is tuned for strong low and mid-range performance, offering smooth throttle response and lively acceleration that works perfectly in real-world riding conditions. Its friendly power delivery makes the bike equally appealing to newer riders stepping up to a larger machine and experienced riders wanting an easy-to-enjoy retro roadster. The bike feels light, balanced and confidence-inspiring whether commuting through traffic or enjoying twisty roads. The setup is designed for comfort and natural handling, delivering a smooth ride while still offering enough composure for more spirited riding. Braking performance is strong and predictable, with dual front discs and a rear disc supported by ABS as standard. The braking system provides controlled stopping power suited to both everyday use and more enthusiastic riding. Ergonomically, the Z650RS features a relaxed upright riding position with wide handlebars and a seat height of around 820mm. The slim chassis and natural riding posture make the bike comfortable and accessible for a wide range of riders while also improving low-speed confidence and overall usability. Styling is one of the bike's standout features, taking inspiration from classic Kawasaki models of the 1970s. A round LED headlight, twin analogue-style clocks, sculpted fuel tank and
