We are pleased to offer this stunning 2022 Kawasaki Ninja ZX-10R, with just 2,625 miles on the clock. Combining race-winning technology, breathtaking performance and aggressive styling, the ZX-10R is a superbike developed with direct influence from Kawasakis World Superbike racing programme. Powered by a formidable 998cc liquid-cooled, four-cylinder engine producing approximately 200bhp, the ZX-10R delivers incredible performance with exceptional precision and control. Its aerodynamic bodywork features integrated winglets designed to generate additional downforce, while its unmistakable Ninja styling makes a striking statement on the road or track. This particular example benefits from a Pipe Werx aftermarket exhaust, providing an enhanced exhaust note, alongside a K-Tech steering damper for added refinement and stability. The 2022 ZX-10R comes equipped with an impressive specification as standard, including a full-colour TFT instrument display with smartphone connectivity, LED lighting, Kawasaki Quick Shifter (KQS) for clutchless up and down gear changes, electronic cruise control and multiple selectable power modes. Further technology includes Kawasaki Sport Traction Control (S-KTRC), Kawasaki Corner Management Function (KCMF), Launch Control Mode (KLCM), Engine Brake Control and Kawasaki Intelligent Anti-lock Brake System (KIBS), all working together to deliver confidence-inspiring performance. The chassis features an aluminium twin-spar frame, Showa Balance Free Front Forks and Horizontal Back-Link rear suspension,
