and uniformly even, while the doors shut with a reassuring thud. Originality seekers will delight at the original number plates, VW etched glass and factory wax injection plugs in the door apertures. Even the octane sticker to the inside of the petrol flap remains fitted! All chrome bumpers and trim pieces are intact and boast a brilliant shine. Factory fitted Hella headlamps and Hella rear lamps are in perfect condition along with all trim and rubbers. INTERIOR The original black leatherette interior is spotless with all seats and matching door cards fully intact and remarkably free from wear. The factory fitted padded steering wheel with Wolfsburg crest is pristine having been protected from new with a perforated leatherette steering wheel cover. All controls and switchgear are fully functioning and the factory sticker to the inner glovebox lid remains. The headlining is clean, fully intact with no tears and shows no discolouration to the edges. The front luggage compartment still has the factory plate and stickers and houses the spare wheel still with the pneumatic washer system but now bypassed in favour of a more effective electric washer pump. A Blaupunkt Denver 412 DAB stereo with Bluetooth has been discreetly installed. ENGINE & TRANSMISSION The matching numbers standard air-cooled rear mounted engine produces 52bhp from its 1285cc displacement enabling a top speed of 78mph with the unmistakable Beetle engine note delightfully pronounced but completely unobtrusive. The engine bay is amazingly clean with engine number clearly visible. The fully synchronized 4-speed gearbox works perfectly and is easy to use once familiarised. The car runs and performs brilliantly and was last serviced in August 2026. WHEELS, TYRES & BRAKES The original pressed steel wheels are in excellent condition and dressed in chrome half wheel covers which are original items rather than inferior aftermarket fitment and show only very light tarnishing. Five expensive replacement Continental Contact 165/80 R15 tyres have covered less than 1000 miles apart from the spare which has never been used. The dual circuit drums front and rear operate perfectly with new rear brake shoes fitted in August 2026 to deliver strong stopping power. HISTORY FILE Registered new on the 1st March 1972, the supplying Volkswagen Main Dealer was Kingsthorpe Garage in Northampton, a photo of which is in the history file. This incredible VW Beetle 1300 Deluxe has covered a warranted 35,980 miles from new, remarkably with only three long-term owners! First owner, Mr Leech, cherished the car for 28 years and neatly filed and numbered every MOT certificate and vehicle check sheet until selling the car in February 2000 with 30,667 miles. The second owner Mr O’Driscoll, a wealthy car collector, would go on to own the car for a further 20 years until the final VW enthusiast and custodian purchased the car in 2020 with only 33,850 miles. The mileage now is fully warranted with MOT certificates and records in the history file dating back to the first in 1975 and there is also a hand written log of every MOT and the mileage at the date of test. A file holding specialist invoices for service and maintenance work is present and the most recent service was carried out in August 2026. The car comes with the original handbook and VW Service Record even the VW Diagnosis Punch Card Booklet with the original build sticker! A genuine sales brochure and Heritage Certificate confirming matching numbers completes the history. HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
