### Description

CMC Motorcycles is pleased to offer the 2020 Suzuki GSX-S1000 — a high-performance naked motorcycle that combines superbike-derived power with aggressive streetfighter styling and impressive everyday usability. Built around technology developed from Suzuki's legendary GSX-R range, the GSX-S1000 delivers thrilling performance, sharp handling and strong road presence in a refined and accessible package. At the heart of the GSX-S1000Z is a 999cc liquid-cooled inline four-cylinder engine derived from the GSX-R1000 K5 superbike platform, producing around 150 horsepower and 108Nm of torque. The engine is tuned for strong mid-range performance and smooth road-focused power delivery, giving the bike explosive acceleration while remaining manageable and enjoyable in everyday riding conditions. Its broad spread of torque makes the GSX-S1000Z particularly effective for fast road riding and overtaking. Braking performance is powerful and reassuring, with dual front Brembo monobloc calipers and large front discs supported by ABS as standard. The braking system delivers strong stopping power and excellent feel, complementing the bike's performance-focused nature. Ergonomically, the GSX-S1000 features an upright yet sporty riding position with wide handlebars and a seat height around 810mm. The riding posture provides strong control and comfort without the aggressive ergonomics associated with full supersport motorcycles. Technology includes traction control, low RPM assist, ABS and Suzuki's Easy Start system, offering modern rider support while keeping the bike mechanically focused and engaging to ride. At CMC we pride ourselves on customer satisfaction and all of our bikes undergo a 37 point pre delivery inspection which includes a fresh oil and filter service unless recently changed, if the bike has less
