HISTORY FILE This 1st Gen Ford Mustang Convertible left the New Jersey Assembly Plant on January 12th and was discovered by Pilgrim Motorsports in 2019 in the ‘dry state’ Sierra Nevada in California. On a mission to find the best unrestored Mustangs to export to the UK, this example was successfully acquired after much negotiation and shipped to the UK. Photographs of this prime example in its homeland exist before being UK registered on the 1st August 2019 and promptly sold to car collector Peter Shillitoe. After Pilgrim Motorsports initial registration, he remains the only UK owner, utterly cherishing the car and returning to them for expensive upgrades such power steering and power brakes. Invoices reveal in the first three years alone, he spent almost £9,500 on desirable upgrades. The owner has kindly provided handwritten notes and instructions, included original spare parts and even a tailor made car cover with a cutout for the radio aerial! A vehicle handbook, A4 file with documents, spare keys, original workshop manuals and even the Californian number plates are included. HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
