was a massive deviation from the outgoing conservatively styled Escort. Finished in factory optional Honour Green metallic, (Code W 3), this late Mk1 example has covered just 9,627 miles from new with just one owner up to February 2026. The paint finish boasts a uniform deep shine and body panels are pin straight with no dings or scuffs. Nothing other than a few light stone chips and touched in marks are visible. Supplying Ford main dealer number plates, tax disc holder and rear screen sticker remain attached. With most estates used as workhorses, this cosseted Focus is ready for practical retro motoring with added convenience of genuine Ford roof bars! INTERIOR Truly worthy of the accolade, time warp. The Martre upholstery in Midnight Black, (Code AT), is immaculate with no visible wear, entirely as you would expect for mileage covered normally within months of new registration. All interior trim is flawless and the headlining is perfect. Tailored Ford floor mats protect the pristine carpets. All controls and functions are fully operational including the Ford 6000CD stereo system and ice-cold air conditioning. The steering wheel, gear knob and soft finish fascia are in showroom condition with no visible wear to the touch points. The cavernous luggage area remains spotlessly clean with roller blind and luggage net. Pristine throughout. ENGINE & TRANSMISSION The lively 1.8i 16v Zetec engine develops 115bhp and 160Nm of torque allowing a top speed of 123mph and 0-62mph in 10.7 seconds. The engine bay is impeccable throughout with all factory labels, stickers and the VIN plate perfect. The five-speed gearbox is precise and beautifully weighted. This epitomises the brand-new Focus Mk1 driving experience that caused such a stir and motoring press acclaim in 1998! WHEELS, TYRES & BRAKES The LX specification 15in alloy wheels in 8x2 spoke design are immaculate as are the genuine Ford chromed centre caps with no tarnishing. Premium Uniroyal 195/60 R15 tyres have been fitted all round in March 2026 replacing the factory originals! The original space saver spare is unused. The ABS braking system performs perfectly having been fully overhauled also in March 2026. HISTORY FILE Supplied new on 30th June 2004 by Main Dealer, CD Brammall in Darlington, the first keeper was a Mrs King to whom the car was registered until February 2026. In stark contrast to most examples that were put into daily use in all weathers, this example was destined for a more cosseted existence. It is believed that due to the owner's ill health the car was subject to very minimal use and upon her passing the car was registered for probate purposes to the second and only further keeper. After a period of minimal use and dry storage, the car has undergone extensive and documented recommissioning in March 2026 to include a full service using genuine Ford parts, cambelt, comprehensive brake overhaul including new callipers, discs and pads, and brand-new premium brand tyres. The car is now fully roadworthy and ready to showcase what is probably the finest Mk1 Estate you are ever likely to see. Quickly disappearing, the Mk1 Focus has always been an icon and this example will catch the attention of forward-thinking collectors and retro-car lovers alike! The Ford document wallet holds all handbooks, guides, service book and both sets of keys with CD Brammall fob. A file of paperwork also includes an original sales brochure. A remarkable example. HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
