The uniform paintwork gleams and all panels are straight and entirely free from dings. The trim and Columbia insignia are preserved and all light clusters are crystal clear with none of the discolouration affecting many examples. Thanks to pampered garage storage, the underside is factory fresh and free from corrosion, a common issue affecting most survivors now. The original supplying number plates and tax disc holder remain fitted. INTERIOR Columbia specification Duo-tone cloth interior is in superb condition and displays a distinct lack of wear commensurate with the ultra-low mileage. The seat material and door cards are spotless and the headlining is pristine. The carpets remain protected by the supplying dealer branded floor mats. The high specification Columbia equipment is seamless in operation including the ice-cold climate control, cruise control, electric panoramic roof and even the factory optional DVD navigation. A quirky feature is the twin front can cool boxes and mini-cooler to ensure your soft drinks and sandwiches remain cool! The immaculate huge luggage space is versatile with various cubby's and a power socket, and under the floor are the unused spare wheel, jack and wheel brace. The complimentary Columbia Titanium Parka that was offered when you purchased a new X-TRAIL is still in the car in the unopened packaging! ENGINE & TRANSMISSION This X-TRAIL is powered by the chain-driven 2.2dCi diesel engine producing 136bhp and impressive 314Nm maximum torque. The engine feels very powerful, quiet, and smooth and has a healthy braked towing capacity of 2 tons. The engine bay is immaculate with all plates, stickers and VIN labels intact and 12 main dealer services, despite the low mileage, offers complete peace of mind. The six-speed manual transmission feels light and precise and the switchable ALL MODE drivetrain with 2WD/4WD/4WD low range operates perfectly. WHEELS, TYRES & BRAKES Columbia specification 17" six-spoke alloy wheels are in superb order with no kerb damage and even the blue PDI dabs have not been washed off! The Nissan emblem centre caps are slightly tarnished. Brand new Uniroyal RainExpert5 215/60 R17 tyres have been fitted in May 2026 covering zero miles. The car features ABS (anti-lock braking system) with EBD and brake assist for assured stopping. HISTORY FILE This outstanding example was registered new by Nissan Main Dealer, Crystal of Grantham, on the 15th December 2006. The first and only owner, Mrs Robinson, purchased the car for use in retirement whereby it has been garaged from new and used mainly for leisure activities alongside her and her husband two other daily vehicles. The original order form and sales invoice in the history file confirms the purchase price of £20,300 and the supplying dealer also fitted a towbar which is been used only to tow a small trailer on occasion. Despite the very low mileage, the car has benefitted from extensive supplying dealer service history throughout. There are 13 stamped entries, 12 being the supplying dealer and the most recent service in May 2026 used genuine Nissan parts with supporting invoice. A large neatly chronically ordered history folder holds the corresponding service invoices with checklists as well as MOT records to fully verify the mileage. All handbooks, manuals and dealership point of sale literature along with two Nissan remote keys with dealer keyring are contained in the leather document wallet. Completing the history file is a Nissan X-TRAIL sales brochure. MOT December 2026, HPI Clear.

## About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
