A Fabulous UK Supplied BMW 2002 with Only 58,470 Miles from New

KGF Classic Cars E10 Ti Tii Turbo E30 E20 1602 1802

£32,995.00

Engine Size (in ccm)	1,990	Fuel	Petrol
Mileage	58,470 Miles	Model Year	1975
Power	100 BHP	Transmission	Manual

Description

FOR SALE A fabulous UK supplied BMW 2002 with only 58,470 miles from new. EQUIPMENT All-steel torsionally stiffened shell, rubber-padded bumpers, side rails, front fully retracting windows, front quarter lights, front hinged windows to rear, clock, cooling water thermometer, instrument lighting intensity control, fresh air heater, cigar lighter, battery and oil pressure warning lights. Factory Options: Rev counter in place of clock, sports steering wheel, laminated windscreen, heated rear window, 3-point inertia reel front safety belts, 2-point inertia reel rear safety belts, second exterior overtaking mirror, leatherette upholstery, front overrides, velour carpets, boot mats, lockable petrol filler cap, Becker Europa radio cassette. Accessories: BMW Sport Paket alloy wheels, Coco Mats – Black and Neutral 2-piece front, ambient temperature thermometer. EXTERIOR This stunning 2002 model finished in vibrant Verona Red, (Code 024), boasts a brilliant uniform deep polished finish to the paintwork following an extensive full restoration carried out nearly two decades ago to include a full strip down of the entire shell and underside. A testament to the quality of the work is still the amazing appearance today with only a few minor blemishes. The trim sections, rubbers and chrome work are incredible and virtually unmarked and the underside is stunning. There is a small area of

delamination to the front screen at one bottom corner and the decorative badges to the front grille are now removed. Original features such as the BMW and 2002 model designation badges, original windscreen with running-in label, factory light clusters and BMW stamped lockable fuel cap will delight the avid BMW aficionado. INTERIOR The body contoured seats in factory optional Tan leatherette are immensely comfortable and supportive. A very small repair to the edge of the driver's side door card is barely visible along with a tiny and out of sight hole to the lower side drivers seat base. The pearl finish headlining and full carpeting are super clean and intact and the dashboard has only one very small split. Very expensive 2-piece front Coco Mats in Black and Neutral cost \$200 from the US! All switchgear and functions operate with precision including the optional Becker Europa radio cassette. ENGINE & TRANSMISSION The technically advanced and civilised 4-cylinder 4-stroke inline engine with triple hemispherical swirl action combustion chambers produces 100bhp, enough to propel the car from 0-62MPH in 10.9 seconds and achieve top speed of 106mph. The spotless and detailed engine bay proudly displays original offside inner wing panel stamp and build plate along with stickers. The gearbox is an all synchromesh 4-speed unit with smooth and direct action, a sheer joy to operate. WHEELS, TYRES & BRAKES The standard steel rims have been upgraded with genuine dealer accessory BMW Sport Paket alloy wheels. Hugely sought after and valuable, these are genuine items rather than aftermarket replicas as evidenced by the FPS (Fratelli Pedrini Sarezzo) stamping to the inner faces as well as the more textured finish. The rims and centre caps are in superb condition with premium Uniroyal RainExpert3 tyres. The spare wheel is housed in the very clean boot area alongside the original jack. Dual-circuit brakes incorporating 240mm front discs and 230mm rear drums feel positive in all traffic conditions to install complete confidence. Advanced features such as automatic pad wear compensation further emphasise BMW's forward thinking. HISTORY FILE Registered new on the 1st April 1976, this exceptional UK example was registered by Mason Motors in Haverfordwest. The car has had just five former keepers in total with the third, Mr Ellis-Jones, owning it from 1986 to 2012. He was responsible for undertaking the full restoration. A Motor Engineer by trade, he purchased the car from a friend in 1986 knowing how good it was with the intention was to make the car one of the finest in existence. A full strip down included sandblasting of the bodywork and meticulous refurbishment of components before a professional repaint in the original Verona Red. The project was finally completed in 2008 and a detailed letter in the history file from the third owner along with a photograph of him beside the car recounts the story beautifully. KGF Classic Cars have previously sold this rare example and were thrilled to be offered the car once more whereby the next appreciative owner will marvel in the condition and appeal of this very special car. A neat folder containing specialist invoices and previous MOT certificates also holds a letter from BMW Group Classic Division confirming that the car was built on the 25th August 1975 and delivered on the 11th September 1975 to BMW Concessionaires G.B. Ltd in Brentford. The original book pack, spare keys and a BMW '02' Series sales brochure completes the history file. MOT April 2027, HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
