Consumption mpg (urban)	39.2
Consumption mpg (extra urban)	58.9
CO2 emissions	134
Emission class	Euro 5

About Us

We are a small family business that started in the year 2000. We have grown over the years and are now proud to have one of the largest mobility shops in the country. The company was started in 2000 by its owner Will McLean after spending some unfortunate time in hospital with a broken back. When Will eventually walked out of hospital he felt very blessed, but guilty at the same time for there were people still in the hospital ward that would be unable to walk again. He wanted to help people, who were less fortunate than himself, to enjoy their valuable freedom again, so Will started the company. We really value our customers and take pride in the fact that we are very honest and not pushy. When you buy from us you will be sure to be looked after, our reviews on Facebook and Google are proof of this. At Freedom Access Vehicles our policy is to offer Wheelchair Accessible Vehicles (WAV's) at very competitive prices backed up with great customer care. We only sell Wheelchair Accessible Vehicles that are in first class condition and have covered a very low or even a nominal mileage. They are also covered by a three-month warranty, with the option to purchase extended warranty.
