About Us

We have been providing automotive sales, servicing and hire since September 1983. All those years ago it started from the rear of a Hove grocers shop renting out one single van. The first year up to 1984 saw rapid growth in its vehicle rental market with the introduction of car hire and minibus hire to compliment the already popular, however limited, fleet. On the 1st of August 1984 Strafford Rent a Van purchased its first brand new vehicle, a single Ford Fiesta from Endeavour Motor Company registration number B440 GAP for a sum of £2,487.00. A few month later a brand new 15 Seat Renault Minibus was added together with a new Renault 1 ton Trafic van. All those years ago this was high finance. 1986 saw the opening of a new head office on Hove seafront, East Sussex, which involved the demolition of a former Texaco petrol station forecourt, construction of new purpose built reception with the installation of custom designed computer software named `Easyhire` which was the 1st of its kind. In 1991 the head office was moved from this location to a 1 acre site in the centre of Brighton where we remain to this day. The former Hove seafront site was passed on to Churchfields vehicle hire followed by Enterprise Rent a Car. Today, our sales department has over 100 vehicles ready to go however if we do not currently have stock of your dream vehicle please get in touch to discuss our sourcing service.
