Description

The 2026 Buccaneer Starliner Cruiser is one of the most spacious and well-equipped caravans on the road, offering a premium 8-ft-wide body and a generous 21ft internal living length. With a shipping length of 26ft 10in and a maximum headroom of 6ft 5in, it delivers a light, open feel throughout the lounge, kitchen and rear bedroom. This model has an MIRO of 1,922kg and an MTPLM of 2,250kg, providing a useful 159kg payload for your touring essentials. For those who need more carrying capacity, the chassis allows for an optional uprated payload. Sleeping arrangements are flexible and comfortable, with either two singles or a full double bed at the front, plus a fixed rear double measuring 1346mm x 1900mm. The wide-body design and thoughtfully planned layout give you room to relax properly, whether you're away for a long weekend or touring for extended periods. Every technical detail has been engineered to make owning and towing the Starliner straightforward—strong construction, well-balanced weights and practical internal proportions. Combined with Buccaneer's high-end heating, insulation and luxury interior finish, the specification supports true year-round touring without compromise. It's a caravan designed for people who enjoy space, comfort and effortless practicality.
