Description

CMC Motorcycles is pleased to offer the 2015 Triumph Bonneville 865 — a timeless modern classic that captures the essence of British motorcycling heritage while delivering dependable performance and everyday usability. With its iconic styling and relaxed character, the Bonneville remains one of the most recognisable and approachable retro motorcycles on the road. At its core is an 865cc air-cooled parallel-twin engine, producing around 67 horsepower and 68Nm of torque. The engine delivers smooth, linear power with a relaxed feel, making it ideal for both steady cruising and enjoyable weekend riding. Its character is defined by strong low-to-mid range torque and a classic twin-cylinder sound that perfectly suits the bike's heritage-inspired nature. The Bonneville's balanced geometry and manageable weight make it easy to ride, whether navigating city streets or enjoying open country roads. It prioritises comfort and confidence over aggressive sportiness, which suits its laid-back riding style. Suspension consists of conventional telescopic front forks and twin rear shock absorbers, providing a comfortable and compliant ride. While simple in design, the setup is well suited to real-world road conditions and contributes to the bike's classic feel. Ergonomically, the Bonneville offers a neutral, upright riding position with a seat height of around 740mm. This makes it accessible to a wide range of riders while also providing comfort over longer journeys. Wide handlebars and a natural stance contribute to an easy, enjoyable riding experience. Styling is where the Bonneville truly stands out. With its teardrop fuel tank, twin exhausts, spoked wheels and minimal bodywork, it closely reflects the design of the original Bonneville from the 1960s. Chrome detailing and high-quality finishes give it a premium, authentic look that continues to appeal to
