Description

CMC Motorcycles is pleased to offer the 2023 Yamaha Delight 125 — a lightweight, practical and highly economical scooter designed for urban mobility. Built with simplicity and efficiency in mind, the Delight 125 is ideal for commuting, short trips and navigating busy city environments with ease. At the heart of the Delight 125 is a 125cc air-cooled single-cylinder engine, producing around 8–9 horsepower. The engine is tuned for smooth, quiet operation and excellent fuel efficiency, making it particularly cost-effective for daily use. The chassis is compact and lightweight, with a kerb weight of just over 100kg, making it extremely easy to handle, manoeuvre and park. This makes it especially suitable for newer riders or those looking for a simple and stress-free commuting solution. Ergonomically, the Delight 125 offers a low seat height of around 800mm and a relaxed, upright riding position. The flat floorboard and lightweight design make it easy to get on and off, while also providing practical everyday usability. Storage is a strong point, with a spacious under-seat compartment, along with additional small-item storage at the front. This makes it highly convenient for commuting, shopping or short errands. At CMC we pride ourselves on customer satisfaction and all of our bikes undergo a 37 point pre delivery inspection which includes a fresh oil and filter service unless recently changed, if the bike has less than six months MOT we will put a new one on, giving you complete confidence when buying from CMC. 2490 miles, All keys and handbook, Under seat storage, Center stand, Learner friendly FREE DELIVERY up to 160 miles from store.
