ring-ding exhaust note! The 5-speed transmission engages smoothly helping to keep the engine in the powerband from 5000rpm. WHEELS, TYRES & BRAKES Being the sportier model, this example is fitted with the rare and genuine Suzuki mag wheels with Gold inner and polished Silver outer edging. Having never been refurbished there is some minor tarnishing, and they are shod in branded 2.75-18 rear and 2.50-18 front tyres with ample tread. Factory upgraded from the usual drum front brake, a desirable front hydraulic disc brake ensures positive stopping power at high speeds or under rainy conditions alike. HISTORY FILE Fashionable and sporty the GP100 provided real motorcycle looks without the costs helping many to graduate from scooter power to real power! This particular example was registered on the 21st June 1985 to a Mr Malcolm Roberts and has only ever had three former keepers. Such low owners normally unheard of with small capacity bikes. Still a matching numbers example it has the owner's manual, Haynes manual and sales brochure included. Two keys are present. Enjoy and relive your youth or add it to the mancave! HPI Clear. About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
