### Description

CMC Motorcycles is pleased to offer the 2012 Aprilia SL750 Shiver — a distinctive middleweight naked motorcycle that combines Italian styling, sporty V-twin performance and advanced technology in an engaging and characterful package. Designed to deliver both everyday usability and spirited road riding, the Shiver stands out for its responsive handling, premium components and unmistakable Aprilia personality. Braking performance is strong and reassuring, with dual front discs and radial-mounted calipers providing excellent stopping power and feel. The braking package complements the bike's sporty nature and adds to rider confidence during more spirited riding. Ergonomically, the Shiver features an upright naked-bike riding position with wide handlebars and a seat height around 810mm. The riding position strikes a good balance between comfort and sporty control, making the bike suitable for commuting as well as longer rides. Styling is unmistakably Italian, with aggressive naked-bike proportions, underseat exhausts and angular bodywork giving the bike a distinctive and premium appearance. The exposed frame design and compact tail section reinforce its sporty character and visual appeal. At CMC we pride ourselves on customer satisfaction and all of our bikes undergo a 37 point pre delivery inspection which includes a fresh oil and filter service unless recently changed, if the bike has less than six months MOT we will put a new one on, giving you complete confidence when buying from CMC. 11758 miles, All keys and handbook, Fly screen, Crash bungs, Rear bobbin, Under seat exhausts
