Description

The 2022 Harley-Davidson Street Bob 114 is a stripped-back cruiser that combines classic American styling with muscular performance and an unmistakable road presence. Powered by Harley-Davidson's Milwaukee-Eight 114 V-twin engine, displacing 1868cc, it delivers impressive torque, strong acceleration and the deep, distinctive soundtrack that makes every ride memorable. Built around the lightweight Softail chassis, the Street Bob offers responsive handling and an engaging riding experience, bringing together traditional Harley-Davidson character and modern engineering. With its minimalist design, blacked-out finishes, compact bobber styling and distinctive mini-ape handlebars, the Street Bob 114 has a bold, purposeful appearance. The low-slung profile, solo seat and chunky tyres reinforce its custom-inspired character, while the comfortable riding position makes it well suited to relaxed cruising and weekend adventures. Modern features including LED lighting, ABS and electronic fuel injection provide everyday convenience, while the powerful V-twin engine ensures there is plenty of effortless performance available whenever the open road calls. Combining immense Milwaukee-Eight 114 performance, timeless cruiser styling and the unmistakable appeal of the Harley-Davidson name, the 2022 Street Bob 114 is an excellent choice for riders seeking a muscular, characterful motorcycle with genuine custom attitude, and is ready to impress its next owner.
