Description

The Triumph Thruxton 1200 R is a stunning example of British motorcycle engineering, combining iconic café racer styling with impressive modern performance and premium componentry. Inspired by Triumphs legendary racing heritage, the Thruxton R delivers an exhilarating riding experience with unmistakable road presence. Powered by Triumphs 1200cc high-performance, liquid-cooled parallel-twin engine, producing 96bhp and an impressive 112Nm of torque, the Thruxton offers strong, responsive acceleration alongside the distinctive character and soundtrack of a classic British twin. This example has covered just 7,658 miles and benefits from a desirable Vance & Hines exhaust system, enhancing both its appearance and exhaust note. The R specification boasts an exceptional chassis package, including fully adjustable 43mm Showa upside-down Big Piston front forks and fully adjustable Öhlins rear suspension with piggyback reservoirs, delivering outstanding handling and road-holding capabilities. Braking is equally impressive, with twin 310mm Brembo front discs and radial monobloc callipers, complemented by ABS for added confidence. Further standard equipment includes three riding modes (Sport, Road and Rain), switchable traction control, ride-by-wire throttle, a torque-assist clutch and a six-speed gearbox. Additional features include distinctive LED daytime running lights, a multifunction LCD instrument display with analogue speedometer and rev counter, gear position indicator, fuel gauge, trip computer and an immobiliser. The beautiful café racer styling is completed by clip-on
