Description

CMC Motorcycles is pleased to offer the 2025 Honda CB125R — a premium A1-class naked motorcycle that combines modern styling, high-quality components and approachable performance in a lightweight and confidence-inspiring package. Designed for new riders, it delivers a genuine “big bike” feel while remaining easy to manage in everyday riding. At the heart of the CB125R is a 124.9cc liquid-cooled single-cylinder engine producing around 15 horsepower. The engine is tuned for smooth, predictable power delivery, with a strong focus on usability rather than outright speed. It offers responsive low-end and mid-range performance that works perfectly for city commuting, while remaining refined and efficient for longer rides. Braking performance is equally advanced for a 125cc machine, featuring a large front disc with a radial-mounted caliper and a rear disc supported by ABS as standard. The result is strong, confident braking performance that enhances safety and rider confidence in all conditions. The slim profile and balanced riding stance make it accessible to a wide range of riders, while still providing a sporty and connected feel on the road. Styling follows Honda’s Neo Sports Café design philosophy, combining minimal bodywork, a distinctive round LED headlight and exposed mechanical elements. The result is a clean, modern and premium appearance that stands out in the 125cc category. The 2025 model also benefits from modern features such as full LED lighting and a TFT display, giving it a more advanced and refined feel compared to traditional learner motorcycles. At CMC we pride ourselves on customer satisfaction and all of our bikes undergo a 37 point pre delivery inspection which includes a fresh oil and filter service unless recently changed, if the bike has less than six months
