Description

FOR SALE A Concours Winning UK Volkswagen Super Beetle 1302 S with 39,655 miles. EQUIPMENT Chrome window trim, chrome bumpers, running boards, horn pad with Wolfsburg crest, hazard lights, dash illumination adjustment, interior light, collapsible steering column, fuel gauge, assist straps, coat hooks, headlight flasher, bezel vents, sill vents, glove box, driver's door pocket, passenger door bin, padded sunvisors. Accessories: Genuine VW reflective running board strips, VW car-mud flaps, VW front and rear gravel guards, Hella front spot lamps, Hella rear fog lamp, badge bar, chrome full VW wheel trims, German seatbelts, Grundig VW radio, windshield wiper delay switch, VDO electric windshield washers, Kamei Kofferraum-Box front luggage storage tray, Kamei rear parcel shelf, locking glove box, cigarette lighter, Ölwechsel gauge, VW L20D Clementine touch-up pen, Cognac Link Car Mats. EXTERIOR A regular Concours D'Elegance entrant and current 2026 Class Winner at the Stanford Hall VW Show, this example is proven to be one of the very best in existence. Finished in stunning Clementine, (Code L20D), the paintwork is virtually unmarked and certainly the judge's latest score sheet affirms this, scoring 19/20 for paintwork and panel condition. Genuine and rare VW accessories are fitted adding to the uniqueness of this special car and are the envy of VW

collectors worldwide such as the reflective strips on the running boards. The underside is equally amazing, especially considering the long-term custodians insisted on the car being driven everywhere, making it even more remarkable. Add to the mix this being a sought-after Super Beetle, does it get much better? INTERIOR Amazing in all respects with the optional high back seats in black leatherette being spotless. Tilting the drivers seat forward will reveal hidden marks to the base, barely worthy of mention. Loaded with genuine VW accessories and with all controls fully operational, this example is a real joy. Practical too, having a larger luggage compartment thanks to the Super Beetle having a redesigned transverse link front axle with suspension struts and the spare wheel fitted flush, it is nearly twice as large as the 1200 and 1300 models. The optional Grundig radio remains fitted and the colour coded radio blanking plate is still present. Lifting the front bonnet reveals an immaculate area complete with a Kamei Kofferraum-Box front luggage storage tray with genuine VW service parts. ENGINE & TRANSMISSION This desirable matching numbers 1302 S Super Beetle has the more powerful 1600cc air-cooled rear mounted engine that produces 60 bhp enabling 0-50mph in 13 seconds and a maximum and cruising speed of 80 mph plus. Lifting the boot lid will reveal a show goers delight with everything squeaky clean and factory perfect. The fully synchronized 4-speed gearbox works perfectly. The car was last serviced in October 2026. WHEELS, TYRES & BRAKES Pristine full width chrome wheel trims are shod in matching Michelin XZX 165 SR15 tyres costing £722 from Longstone Classic Tyres. The Super Beetle has a dual circuit brake system with disc brakes up front to deliver strong stopping power. HISTORY FILE According to the 1970 VW Brochure in the history file, the new VW 1302 S 1600cc Super Beetle was the most powerful, most exciting and most comfortable Beetle ever and combined with a sports car chassis, has the full driver package! This championship winning UK example was registered on the 1st October 1971 by Volkswagen main dealer, Pooles of Portsmouth Ltd. Mr Dingell was the conscientious owner until 1996 and the car has only had two former keepers in total. The last custodian for nearly a decade, Mrs Magaret Keohane, specifically wanted a rare 1302 S model and immediately entered it into the 2017 VW Stanford Hall Concours event. Despite an impressive judge’s scoresheet with its debut appearance, both Magaret and her husband have continually improved the car making it a highly regarded example on the VW scene today and indeed, the current 2026 Class Winner! Affectionately known as Clementine after the cars factory colour, it graced the likes of Stonor Park, Tatton Park and Viva Skegvagas, along with a European tour to Switzerland and the VW Vintage Meeting in Murten, scooping up many awards. There are two colossal history files which contain everything from the original handbooks, VW Service Record, VW Diagnosis Punch Card Booklet, VW fitted accessory installation bulletins and previous MOT certificates. This file also contains the eyewatering invoices revealing valiant efforts made by Mr and Mrs Keohane to source genuine NOS parts and accessories from all over the world! The second file is fascinating as all the show event brochures, concours score sheets and more are chronically filed. You really will struggle to find a more loved Super Beetle! MOT October 2027, HPI Clear.

About Us

KGF Classic Cars was formed by the owner's desire to pass on the enjoyment of amazingly original, modern classic cars and the pleasure these vehicles offer to their appreciative owners. The eldest son of Italian-born parents – whose families came to the Cambridgeshire Fens after WWII to make bricks for new housing – Karl Fasulo grew up in the 70s and 80s when there were fewer cars on the roads. His appreciation of beautiful motors began when his engineer father, Sav, purchased a red 1983 Mercedes 280SL as a weekend car back in 1985. That same Mercedes is still well-loved and driven regularly by Karl and is now in the showroom for all to see! After a successful career spanning two decades selling and managing premium vehicles for dealerships in London and Cambridgeshire, Karl decided to set up KGF Classic Cars, to source original, modern classic cars and share them with like-minded knights of the road. He says: "As a kid, I would squeeze in the back of our lovely red Mercedes with my brother and sister (seatbelts were not mandatory at that time!) – Mum and Dad in the front and all of us enjoying the outing. I would gaze out at other cars and my brother and I would shout out all the makes and models of the ones going by! "With encouragement from my father, I entered the world of classic cars at 15, when I saved up and bought a 1964 Riley Elf Mk 2. This car was cleaned and polished every weekend until I was 17 when I threw away my L-plates and took to the road. My interest never subsided, even during my career at BMW – to the point where driving these older cars gave me more pleasure than the modern offerings. Perhaps it is just happy childhood memories, but there is something about those classics which draws me back to them every time . . ." He added: "I consider it a privilege to meet and do business with people who love them as much as I do. So, whether you are buying or selling – or just browsing (taking a spin down memory lane, perhaps!) I hope you enjoy this website." All the vehicles offered by KGF Classic Cars are personally checked, meticulously inspected and driven by us to ensure they meet the incredibly high standards that are becoming very hard to find. The cars are eventually selected with the ultimate aim of providing the new owner with the best possible experience of that model, whatever it may be. Visit our purpose built secure showroom for viewings, test drives and a relaxed buying experience, whereby fresh coffee and refreshments can be enjoyed in a friendly and lighthearted environment.
