### Description

Our values are quite simple: we are all children at heart with a deep love for retro mechanics and who want to keep having fun regardless of engine size, and especially regardless of our age, profession, or sex. Always on the attack to create some iconic limited editions, BLUROC is not just another brand of vintage motorcycles. It is a way of life (a way of being free, and that you will never look back from taking on). Comfort and Maneuverability The X-Bongo 125 also stands out for its exceptional maneuverability, aided by its low weight and low seat. It is very reassuring to handle, whether in urban traffic or on winding roads. Its compact size and tight turning radius make it easy to weave through crowded streets. The front suspension with inverted forks and the rear with dual shock absorbers combining hydraulics and springs ensure optimal shock absorption and excellent riding comfort, even on rough roads. Technology The X-Bongo does not sacrifice modernity for its neo-retro look. On the dashboard, you'll find a waterproof USB port alongside a clear and
